IMAGINATION OVER KNOWLEDGE

The Lark Burying Her Father

The Lark (according to an ancient legend) was created before the earth itself, and when her father died, as there was no earth, she could find no place of burial for him. She let him lie uninterred for five days, and on the sixth day, not knowing what else to do, she buried him in her own head. Hence she obtained her crest, which is popularly said to be her father's grave-hillock.
