Blink goes the pump, going clankety-clank!

With neutral, drive, and reverse, the journey's clear.

They help drivers see when the day is done.

Turn it with your right hand, and the journey can begin.

Just connect it right, and you'll be cool.

Turn them in the ignition, as easy as ABC.

Traveling together, just you and me.

Fixing our cars, following the rules.

Slow down for safety, to make the journey last.

Round we go, back where we tend.

Across the roads we zoom, in a lightning flash.

where they rest until dawn, out of everyone's sight.

Up and down, come enjoy the ride.
