Three Children On The Ice

Ririro

Once upon a time, in the small and peaceful town of Lindley, there lived three best friends: Tilly, Billy, and Millie. Tilly was known for her bravery, Billy for his endless curiosity, and Millie, oh sweet Millie, was renowned for her infectious laughter.

It was a rare summer day when the sun hid behind the clouds, and the air carried a cool, gentle breeze. It was on this very day, our three little friends decided to embark on an adventure that would forever change their lives.

In Lindley, a peculiar event happened every summer. A magical lake in the center of town, known as the Crystal Lake, would freeze over for just one day. The townsfolk regarded this event as a mysterious spectacle, a puzzle that even the wisest of sages couldn't unravel.

Embracing the spirit of adventure, Tilly, Billy, and Millie decided to experience the thrill of sliding on the icy surface of the Crystal Lake. "It'll be a fun adventure!" Tilly convinced Billy and Millie.

However, as the three friends giggled and skated on the glistening ice, the unimaginable happened! The ice crackled beneath them, and all at once, they slipped into the chilly water below.

The other children, witnessing this, scampered away, their laughter and play abruptly replaced by fright. Yet, as the story goes, this tale isn't one of despair but of resilience and wisdom.

Tilly, Billy, and Millie found themselves in a world beneath the ice, more magical than anyone in Lindley could've imagined. The underwater realm was inhabited by the gentle Queen of the Lake, a mystical being who had the power to control water.

The Queen explained that the lake's freezing was a test of wisdom for the townsfolk. It was a gentle reminder of the respect Mother Nature deserved. She granted the children her protection, wrapping them in a warm, protective

bubble, and floated them back up to the surface.

When they emerged, the children were safe, albeit a bit cold and definitely wiser. They thanked the Queen for her help and promised to respect her domain. From that day forward, Tilly, Billy, and Millie were no longer just ordinary children. They were the children who had been to the world beneath the ice and returned.

As the story of the three friends spread through Lindley, it served as a potent reminder for every child and parent alike. Exploring and adventuring were necessary for growth, but they were best done with caution and respect for nature's boundaries.
