To catch a snowflake

Ririro

Once upon a time, there was a little girl named Amy. She lived in a tiny village that was deep in the woods. Every winter, it would snow and Amy loved it.

One day, Amy woke up and saw that it had snowed overnight. She put on her coat and hat, and went outside to play. She spun around and around and around, until she was so dizzy, she could barely stand.

As she stopped spinning, Amy noticed something strange. In the air around her were hundreds of tiny snowflakes, each one different and unique. She watched in awe as they twirled and danced around her.

Amy was so excited to see these beautiful snowflakes that she tried to catch one. But each time she tried, the snowflake would melt in her hand. She finally realized that she could never catch a snowflake, but she could still watch them.

For the rest of the winter, Amy would go outside every day and watch the snowflakes dance. She learned to appreciate their beauty and was never bored.

So, the next time it snows, remember to look up and appreciate the beauty of the snowflakes.
